**TERMINAL DISCLAIMER**

The Petitioner, Larry W. Miller, hereby represents that he is a registered attorney of record in the above-captioned patent application.

Petitioner, on behalf of the Applicants, Robert Terzini and Willis Campbell, the owners of 100% interest of the instant patent application, hereby disclaims the terminal part of any patent granted on the above-captioned application, which would extend beyond the expiration date of the full statutory term of U. S. Patent No. 6,467,708, filed on February 1, 2001.

Petitioner hereby agrees that any patent so granted on the instant application shall be enforceable only for and during such period that it and U. S. Patent No. 6,467,708 are commonly owned. This agreement runs with any patent granted on the instant application and is binding upon the Grantees, their heirs and assigns.

Petitioner does not disclaim any terminal part of any patent granted on the above-captioned application prior to the expiration date of the full statutory term of U. S. Patent No. 6,467,708 in the event that said U. S. Patent No. 6,467,708 expires for failure to pay a maintenance fee, is held unenforceable, found invalid, statutorily disclaimed in whole or has all

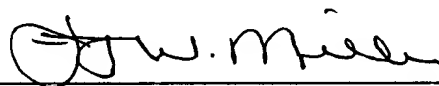

claims canceled by a re-examination certificate, except for the separation of legal title as stated above.

The \$65.00 fee for this terminal disclaimer has already been paid with the filing of the original Terminal Disclaimer and no additional filing fee is required. The undersigned attorney acknowledges that Applicants continue to qualify for and be entitled to small entity status. The undersigned attorney also verifies that the above-identified patent application has not been assigned by the Applicants and that Applicants own the entire interest therein.

Respectfully submitted,
